Careers Programme Overview
St John Fisher Harrogate (2026-2027)

THE CAREERS & ENTERPRISE COMPANY

Vision Statement

Educating for life. We enable our young people to develop spiritually, morally, intellectually and personally. They will then have the qualifications, confidence, compassion and faith to make a valuable contribution to society and be a force for good.

Milestones and Learning Outcomes

Year 11

Y11 – Choosing The Right Pathway For You.
This year is about making an informed choice. They will receive advice and guidance, directing them to sixth form, college or apprenticeships, ensuring all students continue on the career pathway suitable for them.

Year 10

Y10 – The Future of Work and The Labour Market.
As they begin their GCSE course, students begin to look at the working world and how they can prepare for it. We focus on the future of work, the employability skills that are required and the Labour Market, ensuring they are aware of where the needs are in the world of employment.

Year 9

Year 9 – Setting Goals and Making Decisions
Students begin to think about what they will choose for their GCSEs so we will guide them to make the best choice for them.

The careers programme will play a pivotal part in helping them to make the right choice by offering guidance and demonstrating how we can research into careers.

Year 8

Year 8 – Aspirational Goals and types of Employment
Students start to consider what subjects they enjoy and are good at. They have the opportunity to think about their aspirations and what pathways to take.

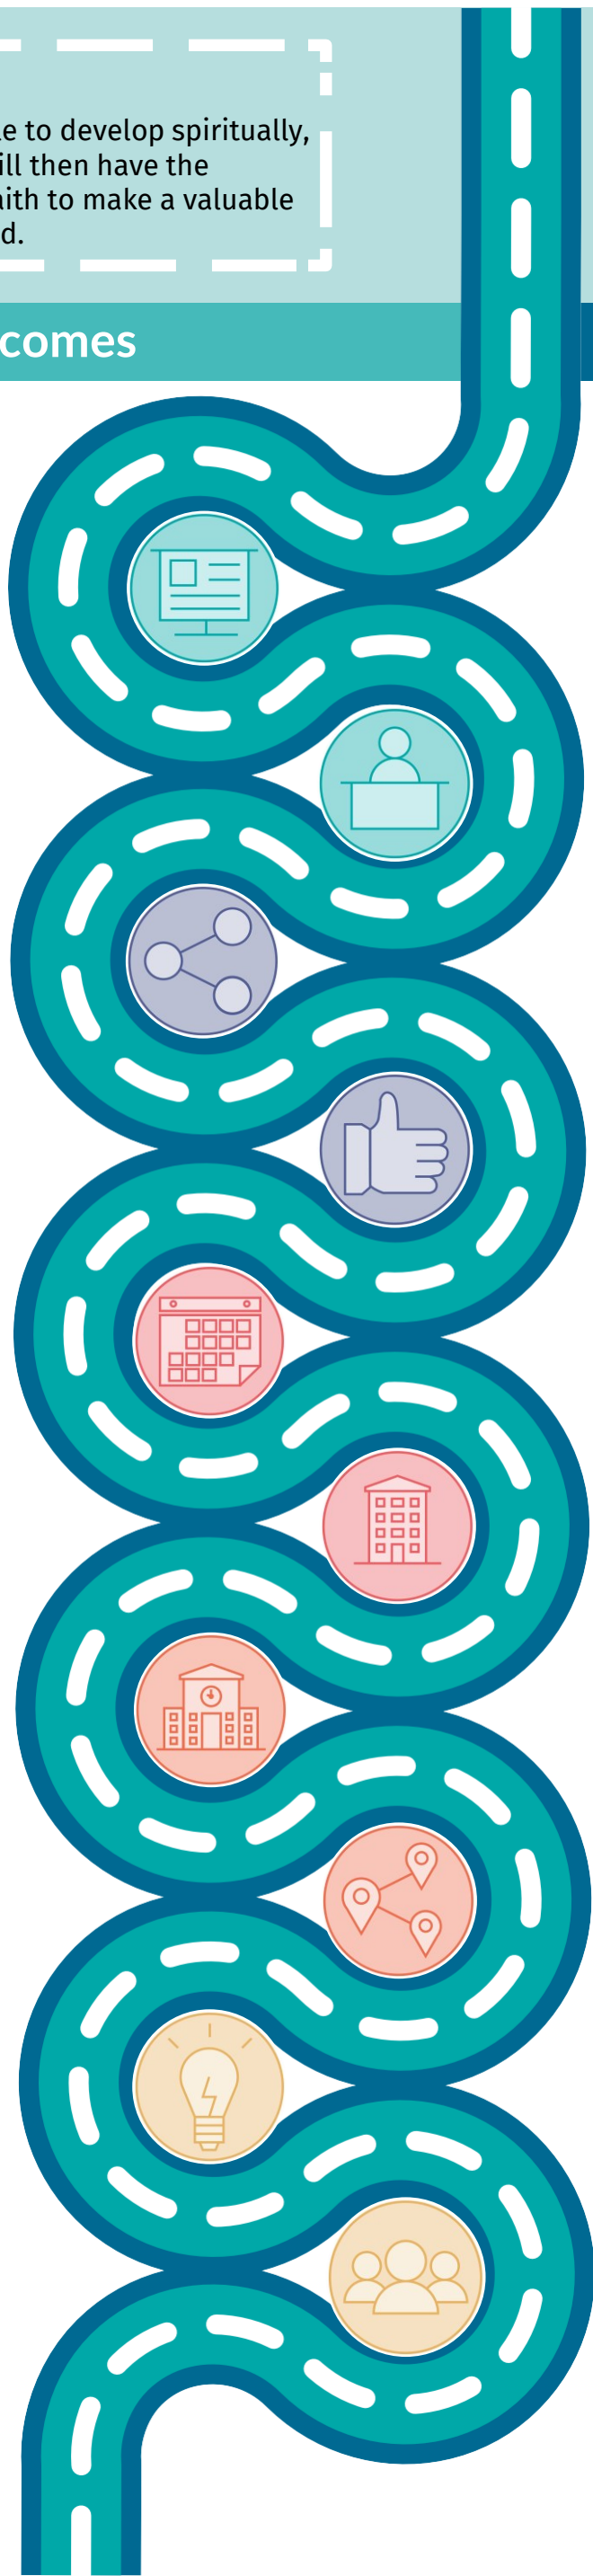

Students learn about the different types of employment they can work in and the advantages and disadvantages of different employment contracts

Year 7

Year 7 – Skills & Qualities
(beginning to think about your future)

Students focus on who they are and what they enjoy. They will be introduced to the importance of transferable skills and how this can impact on their future choices and goals.

They also learn who to approach for help and guidance and how those people can give important advice.

Key Events and Experiences

Year 11
