Dear Parent/Carer

Homework plays a vital role in helping students become more independent learners, enabling them to manage their time effectively and take responsibility for their progress. It also serves as an excellent opportunity to reinforce the skills and knowledge acquired in the classroom while preparing for future challenges in their education.

To support our students in meeting these goals, Homework Club will be held in the school library, Monday - Thursday at 3.25pm - 4.15pm. Homework club is available to students in Years 7, 8, 9, 10.

In the quiet and structured environment provided, students would have access to:

- A supportive setting to complete their assigned tasks.
- Guidance from our Librarians and some of our sixth form students who will supervise and assist.
- with any questions or challenges they may encounter.
- ICT and other resources to support the completion of homework.
- We encourage students to attend, whether they wish to seek support with specific subjects or simply benefit from a dedicated space to focus on their studies. It is important that students appreciate that this is not an opportunity to socialise with friends. It is a quiet supportive space for private study. Other students who have stayed behind at school for alternative reasons, should wait for collection as arranged by their parent or carer.
- To ensure the Homework Club remains a productive space, we ask that students:
- Arrive on time and be prepared to work independently or seek help when needed.
- Bring all necessary materials including homework, books and stationery.
- Show respect for staff, peers and the library environment.
- Use this time appropriately for academic work rather than socialising.
